Springer Open Access Book on Truck Platooning - out now!

May 2020

"Energy-Efficient and Semi-automated Truck Platooning" presents research and evaluation results of Connecting Austria, illustrating the wide range of research needs and questions that arise when semi-automated truck platooning is deployed in Austria. The book is open access and can be downloaded [here](#).

ESRIUM'S PRODUCTS AND SERVICES

This project has received funding from the European Union Agency for the Space Programme under the European Union's Horizon 2020 research and innovation programme under grant agreement No 101004181

Why ESRIUM?

ESRIUM is a Horizon2020 project increasing the safety and resource efficiency of transport on European roads. Its key innovation is a digital map of road surface damage and

ESRIUM

EGNSS-enabled Smart Road Infrastructure Usage and Maintenance for increased energy efficiency and safety on European road networks
